String Theory

Barton Zwiebach String Theory Solutions

In the early 2000's Zwiebach studied the cosmology of closed string tachyons and, together with Okawa and Berkovits, developed heterotic string field theory.

Read Book Barton Zwiebach String Theory Solutions

Zwiebach then worked on exact analytic solutions in open string field theory. Starting in 2009, Zwiebach and Chris Hull began work on double field theory, an approach that aims to capture the T-duality properties of string theory in effective actions.
