Great Biology Book.  
Biological Science by  
Scot Freeman is well  
written and concise. A  
wealth of clear and  
colorful diagrams and  
illustrations make the  
material easy to  
understand and  
enjoyable to read. The  
international version,  
which I purchased, was  
identical in content to  
the US version and  
saved me a lot of  
money.
