Cisco Collaboration: Bringing 'Human Creativity' to the Fore

I am looking at creating a Collaboration Lab at work. My goals is to test functions/upgrades/current issues, etc. I have a couple of older UCS servers that my current Collaboration environment upgraded from, but my main issue would be after I built the lab, I know that I will only have about 60-90 days for the "trial license" in say CUCM, then after that no further changes can be made to the ...
