In this revised and expanded second edition of the bestselling Encyclopedia of Chart Patterns, Thomas Bulkowski updates the classic with new performance statistics for both bull and bear markets and 23 new patterns, including a second section devoted to ten event patterns. Bulkowski tells you how to trade the significant events -- such as quarterly earnings announcements, retail sales, stock upgrades and downgrades -- that shape today's trading and uses statistics to back up his approach.

Thomas N.Bulkowski - Encyclopedia of Chart Patterns (2nd ...

Let's brush up on the basics. No system is perfect, including chart patterns. Let's say that you expect your trades to work 80% of the time but the trading system you've just bought or invented works just half the time. Your expectations do not match reality and you are destined for failure and disappointment.

The answer is, of course, neither. In this book I describe a chart pattern scoring system—not a trading system—one that helps you pick better performing chart patterns to trade. How you trade the chart pattern is up to you. Use technical indicators, use fundamental analysis, use whatever method floats your boat.
