New to This Edition *Chapters on genetics and epigenetics, psychoneuroimmunology, and sexual mating. *Chapters on compassion, school readiness, and the caregiving system across the lifespan. *Chapter probing the relation between attachment and other developmental influences. *Nearly a decade's worth of theoretical and empirical advances.

Handbook of Attachment: Third Edition: Theory, Research ...

"The Handbook of Attachment, Third Edition, was a superb choice for my advanced undergraduate and graduate seminar. Like the prior editions, the Handbook provides up-to-date coverage of the major topics in the field, as well as exciting explorations of emerging issues. For students who may not yet have a full grasp of the field, the book offers a strong foundation in attachment theory and methodological and clinical implications from which they can start to formulate their own sub-interests.
