Format references for reports similarly to how you format references for books. If the report has a number (report number, contract number, etc.), include it in parentheses after the title and before the period, but not in italics. If the report doesn't have a number, leave that notation out of the reference.

Hatch, JA 2002, Doing qualitative research in education settings, State University of New York, Albany.

## **Citing References in Scientific Research Papers**

The reference page is a crucial element of your research paper; it helps you prevent plagiarism, and it proves you did your research. By providing publication information about the sources that helped you write your paper, the reference page both grants proper credit to other researchers and demonstrates your own scholarly diligence, thereby inducting you into the world of academia.
