Node in synastry is hugely important because it shows where our soul needs to go to evolve. It is very sweet to see this feature in synastry between a couple because it shows they are helping each other down the same spiritual path. The North Node conjunct Vertex is one of the top indicators for marriage.

Conjunct the South Node and What They Mean ...

I've heard several astrologers say that a male sun is not so great conjunct the female's south node. The combination is comfortable & familiar but over time, tends to dissipate his Sun quality and as a consequence, he is not able to be a greatest advisor to her because he is too permissive &

shrift, in my opinion. In synastry, people seem to think it is bad if a partners planets conjunct one's SN. I disagree. The SN is warm comfy slippers that one has worn out, such that they fit just right, albeit look a bit ratty. The north Node is new brown leather loafers, shined just right, with a proper penny put in the slot.
