The Eighty Twenty Investor - Investing for the rest of us

The "Rothschild 80/20" Rule. When discussing portfolio management, it is often suggested that you can't "time the market." That statement is correct. You can not effectively, and repetitively, get "in" and "out" of the market on a timely fashion. I have never suggested that an investor should try and do this.

How to Invest at Every Age - Investopedia

The 80/20 rule and investing. I think this principal can definitely apply to investing, too—especially for any amateurs trying to trade their way to better returns. When it comes to investing, I think it's safe to say that 20 percent of the effort you spend on deciding where to invest will yield 80 percent of your returns.
